

## **Directions to Yethouse**

On entering the village from the south turn right at the 30 mph sign crossing the Holm Bridge.

Shortly after crossing the bridge the road bends to the right, proceed straight on effectively turning left.

Follow the sign to Whithaugh and Rock UK even though it is signed as a dead end. Stay on the tarmac road, **DO NOT TAKE THE DIRT TRACK.**

Follow the road and climb up the hill. Continue as it bends right up the hill passing the road signed as Rock UK.

Yethouse is the first set of buildings on the left hand side once you cross the cattle grid. You will see a VisitScotland sign as you approach.

The farmhouse can be reached via the metal gate – please close this once you have driven through, livestock surrounds us. Drive into the courtyard and park on the left hand side next to the summerhouse. If 2 cars park adjacent to each other.

Please do not park in front of our front door or the gate into the walled garden.

Thank you.

On entering the village from the north drive through the village until you reach the playing fields, when you see the sign for Whithaugh turn right and cross the Holm Bridge. Follow instructions as above.
